The consortium seeks to work together and with partners to deliver improvements to the transport system of the TraCC region.

What is the Regional Transport Plan?

The Regional Transport Plan has developed transport policies and identified a range of transport schemes that will benefit the residents, business and visitors to Mid Wales.

TraCC's Vision and Priorities

TraCC has developed an overall vision with a set of supporting priorities and objectives, which set out how TraCC wishes to deliver the Regional Transport Plan in both the short and long term.
